

Challenge-Design a Safe, Glowing Bike for Pudsey!

Decorate Pudsey's bike to keep him safe in the dark! Use bright, neon colors and reflective or glow-in-the-dark materials to help Pudsey shine as he rides.

Activity Tips:

1. Choose Bright Colors: Use colors like neon yellow, orange, or bright green on the bike's frame, wheels, or handlebars to make it stand out.
2. Add Reflective Shapes: Draw stars, hearts, or stripes on the bike that reflect light, making Pudsey visible to everyone.
3. Use Imagination: Maybe add a big, shiny star or stripes along the wheels to make the bike extra eye-catching!
