What Can Pudsey Wear to Be Safe and Be Seen at Night?

Challen - To create a rucksack for Pudsey that will keep him safe and visible at night. The design should use bright, neon colors and reflective or glow-in-the-dark materials to help Pudsey stand out!

Activity Tips:

1. Choose Eye-Catching Colors: Use bright colors like neon yellow, orange, or green for the rucksack, making it visible from a distance.
2. Add Reflective Patterns: Incorporate reflective shapes or patterns, like stripes, stars, or paw prints, on the bag to help it reflect light and stand out in the dark.
3. Think About Practical Features: Add thoughtful touches, like a glow-in-the-dark zip or reflective straps, that add both style and safety.

Remember he needs to be seen at night!
