

Number day 2nd February 2024

Nursery

The children had lots of fun wearing Numbers for our Number day in support of NSPCC. The children were really creative with their outfits, from home made number t shirts, to number hats, calendars, wearing birthday badges, a calculator, football shirts and many different items of clothing which had a Number on. The children looked fab.

In the Nursery the children were looking at the big Numicon and ordering them as well as counting the holes. They enjoyed printing their own number blocks on the Art table, making numbers out of playdough, looking for number treasure and much more. Well done Nursery!

In key stage 1 the children had a brilliant day investigating numbers and patterns.
